PROJECTS

2016 / FULL STACK DEVELOPMENT — LAMP STACK

WHAT'S IN YOUR FRIDGE?

Created an application made with full stack LAMP. Geared towards finding recipes for ingredients you have in your fridge. Also created a resources page for those who do not have any cooking skills or ingredients in their fridge.

2016 / FULL STACK DEVELOPMENT — ROR STACK

SHOE STORE

Created an application made with full stack Ruby On Rails. This application is a shoe store created to be able to list, view, and buy items from all users.

2015 / APP UX DESIGN — PROTOTYPE INVISION

EL RANCHERO

App designed with illustrator and prototyped in Invision. App was designed around horse trails in Glacier National Park. Typeface was made specifically for this app.

EDUCATION

2016 / CODING DOJO — FULL STACK DEVELOPMENT

Developed very quickly at Coding Dojo. This is a 14 week fully immersive program and learned to develop in LAMP, MEAN, RUBY on RAILS stacks.

2008 - 2016 / CAL STATE UNIVERSITY FULLERTON

BACHELORS IN FINE ARTS — GRAPHIC DESIGN

Originally Civil Engineering major realizing it was not enjoyable. Switched to Art and emphasized in Graphic Design. Took all the Web Design courses the school offered and wanted to learn more about coding because it was the most fun.

EXPERIENCE

2016 / CODING DOJO — RESIDENT TEACHING ASSISTANT

Created design demos and answered questions on how to use Adobe Programs. Assisted with answering and helping student questions on daily workload.

2015 / LOS CABOS RESTAURANT — DESIGN INTERN

Created new menus, logo, and social media campaigns. Worked under tight deadlines to create new campaigns for various holiday specials and 25th anniversary advertisement.
